

The Bachelor & Bachelorette

By: Adara LoCascio and Itzel Barrios

A Little Bit of Context...

The Bachelor and The Bachelorette are a reality dating show where one individual dates around 26~50 people at one time. The first Bachelor season aired in March 2002 and The Bachelorette followed soon after in January 2003. There are currently 28 seasons of the Bachelor and 20 seasons of The Bachelorette, however, today we will only discuss the seasons up until 2020.

Problems we faced *aka pains in our butt*

- Combining data sets
- Interpreting certain data (object names)
- Adjusting the data, since many columns combined variables like city + state and first + last name
